PROFESSIONAL BACKGROUND

Erik Caseres worked as a professional in the petroleum industry for 18 years before transitioning into Commercial Real Estate full time. He served in top-level leadership positions within Phillips 66, an organization that consistently ranks within the Fortune 500's top 50 performers. Erik received a Bachelor of Applied Science Degree in Energy Management from Bismarck State College. Throughout his career, Erik became acutely aware of the reality that people are an organization's most important asset. He, therefore, proceeded to adopt a servant-leadership mindset, which consistently produced higher performing teams. Erik's proven track record of managing successful groups resulted in him being hand-selected to administer leadership training to front-line supervisors across multiple states and business units within his former organization.

While still working in the petroleum industry, Erik began to venture into real estate investing. He and his wife, Elyse, purchased their first home at the age of twenty-two. They performed a live-in flip and several years later, traded the home for a house that could better accommodate their growing family. The equity generated from these first homes eventually allowed the couple to purchase a vacation rental which was located just outside of Joshua Tree National Park. The success of this asset prompted the purchase of additional vacation rental properties in tourist markets in Southern Utah and Eastern Montana. Today, Erik's portfolio includes a combination of single-family vacation rental homes as well as long-term rental units in both the single family and multi-family classes. Erik proves to be a huge asset to his clients because he understands the challenges and opportunities of owning and investing in real estate.

Erik made the decision in 2023 to exit the petroleum industry to join Coldwell Banker Commercial CBS. As a former high-ranking member of an organization in the manufacturing industry, coupled with his experience in real estate investing, Erik brings a unique perspective to the Coldwell Banker Commercial team. At CBC, Erik specializes in industrial, manufacturing, business and multifamily transactions including buying, selling, and leasing of commercial real estate.

Erik is a devoted husband and father to six children. Together, the family enjoys visiting National Parks (where their vacation rentals are strategically located) to hike and spend quality time together. Erik and Elyse also homeschool their school-age children and spend a good deal of time shuttling the kids to ballet, rock climbing and the many other after-school classes that the kids are actively involved in.

PROFESSIONAL BACKGROUND

Nathan grew up in Great Falls, MT and has spent most of his life taking advantage of the amazing outdoor activities that Montana has to offer - camping, boating, fly fishing, skiing and everything in between. He got a bachelor's degree in Biochemistry from Loras College in Dubuque, IA and then completed an MBA in both Finance & Health Care Administration in Chicago. During this time he had the opportunity to work for a Fortune 500 company, teach a masters level business course, help an international Electronic Medical Records company expand its sales/operations to the US, started investing in multi-family real estate in 2009, became an energy efficiency specialist and helped grow a utility cost reduction company's sales/operations footprint from 1 state to now servicing all 50 states + Canada.

When he isn't spending time with his wife and 5 kids camping/fly fishing or on a ski hill, Nathan tries to stay involved in his local community by staying active at his church and attending business networking events to see how he can be a resource to other small business owners.

Nathan joined Coldwell Banker Commercial in 2015 after realizing that his true passion is real estate. Nathan became a partner at Coldwell Banker Commercial CBS in January 2018 where he has consistently been a top producer earning the Bronze Circle of Distinction in 2019 & 2020, the Platinum Circle of Distinction in 2021 and the Gold Circle of Distinction in both 2022 & 2023, selling over \$50 million of commercial real estate. In 2022, Nathan earned his CCIM designation which is the equivalent of a Masters in Commercial Real Estate and remains the gold standard for commercial real estate professionals. CCIM's are experts at minimizing your risk, maximizing your ROI, and optimizing the value of your real estate.

In 2022, Nathan earned his CCIM designation - the equivalent of a Masters in Commercial Real Estate. CCIM's are experts at minimizing your risk, maximizing your ROI, and optimizing the value of your real estate.
