Overview

415 Juanita Street offers a well-balanced mix of warehouse/shop space and finished office/showroom in a central Colorado Springs location. The property features an open warehouse layout with multiple work areas, built-in workbenches, and a drive-in overhead door for easy loading and functionality.

The front portion of the building has been nicely finished with modern office/showroom space, including upgraded flooring, recessed lighting, and a clean, professional layout suitable for client-facing use. This creates an ideal setup for contractors, fabricators, or service-based businesses needing both operational and customer-facing space.

Additional highlights include on-site parking in the front, a fenced yard area for outdoor storage, and flexible interior space that can be adapted to a variety of industrial or service uses.
