OTHER WORLD

About Otherworld

Otherworld is an immersive art installation born in Columbus, Ohio where visitors are encouraged to freely explore and interact with a surreal world of science fiction and fantasy while moving through scenes filled with large-scale art, mixed reality playgrounds, puzzles, and secret passageways. Through highly interactive tech, props, sets, and engaging narrative, Otherworld takes immersion to the next level. Since its founding by Jordan Renda in 2018, Otherworld Ohio has gone on to collect accolades like the 2019 “World’s Coolest Places” list in Time Magazine and “America’s Best New Attractions” list by Thrillist.

Otherworld’s Benefit to Neighboring Retailers

Otherworld guests will be required to purchase tickets for specific timeslots. These “showtimes” will result in an influx of shopping center foot traffic multiple times a day. Adjacent retailers have excellent access to these guests as they enter and exit.
