Data Notes:

- Household population includes persons not residing in group quarters. Average Household Size is the household population divided by total households. Persons in families include the householder and persons related to the householder by birth, marriage, or adoption.
- Income represents the preceding year, expressed in current dollars. Household income includes wage and salary earnings, interest dividends, net rents, pensions, SSI and welfare payments, child support, and alimony.
- Per Capita Income represents the income received by all persons aged 15 years and over divided by the total population.

We have no reason to doubt the accuracy of information contained herein, but we cannot guarantee it. All information should be verified prior to purchase and/or lease.
