RETURN GROWTH CHART

BONUS & ACCELERATED DEPRECIATION

Gas stations and convenience store (c-store) real properties that qualify as a 'retail motor fuel outlet' are eligible to elect a **depreciable life of 15 years rather than the traditional 39-year depreciable life of ordinary real estate**. The Tax Cuts and Jobs Act (TCJA) allows for 40% (2025) bonus depreciation of qualified property – that is, property eligible for the modified accelerated cost recovery system (MACRS) with a recovery period of 20 years or less. This means that in the year of acquisition of a gas station or c-store asset you can immediately write off up to 80-90% of the asset's value – the remaining 10-20% being the non-depreciable land.

Bonus Depreciation

The Tax Cut and Jobs Act passed in 2017 allows up to 40% bonus depreciation in 2025. Each year after, the rate phases out by 20 percent until 2027. For example, let's say you purchase a gas station for \$5,158,000 million and assume 20% is attributed to the land. In 2025, the maximum bonus depreciation you can claim is 40% of the entire purchase price less land value. This means that, in our example, you could deduct \$1,650,560 from your taxable income in the year that you purchased the gas station.

Does my gas station qualify for bonus depreciation?

We always recommend speaking to a tax advisor, but there are some high-level criteria that should help you be on the right path.

The IRS released Coordinated Issue Papers in the late 1990s for Petroleum and Retail Industries Convenience Stores, which provides a detailed definition and qualifying criteria. As per the CIP paper, a C-store at the gas station will qualify as a "retail motor fuel outlet" if they met any of the three following criteria:

- 50% or more of its gross revenues generated from petroleum sales
- Tenant will provide a certified letter to meet this requirement. Ask agent for details.
 - 50% or more of its floor space devoted to petroleum marketing sales
- The C-store building is 1,400 square feet or less

"If the C-store passes any of the above tests, the entire depreciable basis (net of land) is eligible for a 15-year recovery period, and 40% bonus depreciation if acquired and placed in service after September 27, 2017," said Kim Lochridge, Executive Vice President at Engineered Tax Services.

Advantages of Accelerated Depreciation

1. It reduces initial costs.
2. It allows you to take higher deductions upfront.
3. It helps with tax deferrals.
