Location **OVERVIEW**

Located along I-26 just 25 miles from Charleston, Downtown Nexton is the mixed-use core of Nexton, a 4,500-acre, award-winning master-planned community in Summerville. The location pairs the convenience of a true main street with direct access via two interstate interchanges, placing tenants and visitors minutes from major employment centers, Charleston International Airport, and the Port of Charleston.

Nexton alone is planned for 11,500 residences, with more than 34,000 homes underway across the immediate area and 30,000+ existing units in the surrounding submarket. That rooftop density delivers the population growth, household income, and daytime traffic that sustain long-term retail and commercial performance. For tenants, it's the rare combination of a high-amenity, established address and a market still making strides.

Downtown Nexton: **LIVE. WORK. PLAY. EVERYTHING IN BETWEEN.**

Sitting on nearly 100 acres, Downtown Nexton boasts its own Main Street, which offers the convenience and amenities of a city lifestyle and the comforts of Lowcountry living. This vibrant mix of uses creates the ultimate live-work-play environment. Phase I of Downtown Nexton offers the first mixed-use building in Nexton, containing 64 rental apartments over ±20,000 SF of retail/service/commercial uses. Additionally, ±31 acres has already been sold and planned for multifamily, restaurant and hotel development.

The Charleston **MARKET STORY**

Comprised of three counties – Berkeley, Charleston and Dorchester – the Charleston region is a highly diverse market, advantageously located on the Atlantic coast half-way between New York and Miami. The region, which covers more than 3,100 square miles (8,192 kilo-meters), combines a thriving economy, rich history and breathtaking environment to offer an outstanding business climate and a quality of life that is second to none.

The Charleston metro's economy has transformed over the past decade from service-based to STEM-based, thanks in large part, to Boeing, Mercedes, Volvo and many others calling our region home. Charleston ranks number 20 among the nation's top 100 metros for growth in the Advanced Industry Sector, according to the Advanced Industries Study by the Brookings Institution, which examines growth in STEM-intensive occupations including logistics and transportation, advanced manufacturing and healthcare. The growth of this sector is helping to fuel the region's overall economic growth and transform the economy from a service-based to skills-based job market. Advanced Industry jobs are among the nation's fastest growing and highest paying.
