Area Tenants

Property Highlights

Premier Adaptive Reuse & Redevelopment For Lease Opportunity

Flexible 20,000 SF Redevelopment Opportunity

The offering includes approximately 20,000 square feet on the south side of the existing theater, featuring a dedicated entrance, independent access, and the ability to operate separately from the balance of the property. This configuration creates an ideal opportunity for a single user, multi-tenant redevelopment, entertainment concept, fitness, medical, education, worship, family entertainment, or experiential retail.

Outparcel Development Potential

In addition to the existing improvements, the property offers available outparcel development opportunities suitable for restaurants, drive-thrus, retail, medical, financial institutions, or service-oriented users. These pads provide an opportunity to increase NOI while enhancing the overall destination appeal of the property.

Established Regional Retail & Entertainment Corridor

Located within one of Rochester's strongest retail corridors, the property benefits from surrounding national retailers, restaurants, hotels, and entertainment uses, with excellent visibility and convenient access from major thoroughfares serving the growing Rochester market.

Abundant Parking & Existing Infrastructure

Situated on nearly 7 acres, the property offers extensive surface parking, multiple access points, generous utility capacity, high ceilings, and existing building infrastructure that significantly reduces redevelopment costs compared to new construction. The site has also served as a park-and-ride location, demonstrating its parking capacity and accessibility.
